

### **School Budget Program Patch Instructions**

1. Save file to a known place on your hard drive (ex. C:\MyTemp\)
2. Open My Computer or Windows Explorer and go to the folder you saved the patch in. (Ex. C:\MyTemp\)
3. Double-Click on SBP\_PATCH6.exe, a new window will appear, choose Unzip. When this step is done you will see a box that reads, 7 Files Unzipped Successfully.

The version on the school budget program should now be 1.6.0 (Choose About from the Help menu)

### **Bugs Fixed by this Patch (this patch includes fixes for Patches 1-5 also)**

- ❖ Displays state support tab instead of debt tab if school does not have a debt fund.
- ❖ Allows data entry of school transportation maximum levy.
- ❖ Eliminates the "subscript out of range" error
- ❖ Fixes the Form 4 report
- ❖ Carries the school transportation maximum levy to the 16-line statement (you may have to re-enter the school transportation max levy for the program to carry it forward)
